Is Hitler Invincible?

A belief in Hitler's invincibility is his most potent asset. He scares other powers into compliance before ever his guns begin to shoot. The temptation is strong in many mininds to find in this panorama of Revelation a picture of the present war. Preachers not a few, and other Bible students, figure out the numbers and names of the Seer's vision to fit present conditions. But those who fix dates have always been wrong. It is enough for faith to stick to the main idea.

That the devil is doomed is reassurance enough. While Satan and his cohorts have had many victories, winning many battles, they always lose the war. Good is mightier than evil. "They that be against us."

Every Day a Judgment Day.

Some thin thinkers repudiate enirely the idea of moral responsibility. Theirs is the school of "Do as you please" and then die as a dog dies. They spurn the idea of conse-quences and of a judgment. These impulse-obeying persons disregard the obvious fact that every day is a judgment day; that men are re-warded or punished here and now warded or punished here and now for what they are and do. Before ever we glimpse the great white throne where eternal destinies are determined, we must confront the verdict of our neighbors and of our personal experience.

Formal Opening Of Auto Agency To Be Saturday

Formal opening of a new Plymouth-Chrysler retail agency at 217 West Fifth avenue Saturday, Sept. 20, was announced today by Andrew Steele and F. H. Warfield, who have secured the Plymouth-Chrysler dealership for this county.

New Plymouths and Chryslers will be on display Saturday, they said. Renovation of the interior of the building is now under way. At completion, the new plant will feature a complete mechanical de-partment for servicing automo-biles. In charge of this depart-ment is Beryl Emery.

RATE REDUCTION

The rate adjustment is important to Texas cattlemen because this state is the largest shipper of livestock in the United States, said Paul G. Haines of the A. and M. College extension service.

"The privilege of sale in transit means that when a shipper finds a more favorable market during transit he can unload his cattle and sell them without rate penalty," Haines said. "This does not mean elimination of certain rate differentials affecting the Southwest, but it is a step in the right direction."

west, but it is a step in the right direction."

The railroads announced that continuation of the new schedule would depend upon whether in-creased traffic justified it.

DEFERRED PAYMENTS FOR TERRACING NEW AAA PLAN FOR 1942

COLLEGE STATION, Sept. 17.—
(Spl.)—Terrace your land now and pay later when you get your AAA payment is the new device Texas farmers will have available under the farm program in 1942. With the program placing still greater emphasis on soil-building practices in 1942, terracing has been added to the conservation materials and services program to enable more farmers to terrace their land, Fred Rennels, assistant administrative officer of the AAA in Texas, has announced.

RURAL SCHOOL WORK FEATURED CIVITAN PROGRAM THURSDAY

MELVIN TAYLOR AND MRS. DON Q. ADAMS WERE SPEAK-ERS FOR LUNCHEON CLUB

Discussion of the educational program in the rural schools of Navarro county by Melvin Taylor, superintendent of the Emhouse schools, and a snort talk on the free lunch program as sponsored by the County Board of Education together with the W. P. A. by Mrs. Don. Q. Adams, supervisor, featured the weekly luncheon program of the Corsicana Civitan Club Thursday noon at the Navarro Hotel.

President R. L. Nix presided. Carl Watson and Bill Smith had charge of the program. Chairman Charge of the program. Chairman Watson introduced Superintendent Taylor, who, after discussing the educational program, presented

educational program, presented Mrs. Adams.

Taylor pointed out that subjects offered in the rural schools now constitute a far more practical curriculum than have been offered students in past years. Vocational classes in almost every field are being included in the usual basic curriculum, developing the talents of the boys and girls along a more practical line which after graduation will be greatly beneficial in enabling them to secure employment, he said. secure employment, he said.

to secure employment, he said.

Urged Co-Operation.

He urged the citizens of Corsicana and Navarro county to work together to improve farming conditions and lend every assistance to youths who have finished agricultural studies and arc seeking farms of their own. Construction of farm to market ro ds is another way of opening up new markets that will benefit the merchants and the farmers alike, he added. he added.

Superintendent Taylor stated that he would like to see an industrial school established in or near Corsicana to train the youths in this county specific skills and prepare them for service to themselves and the nation. If the entire county co-operated, he said, the school would not be too ex-

pensive. Mrs. Adams pointed out that twenty rural schools would feature a hot-lunch program this year for any students desiring int lunches at noon time. The lunch program now entering its accord year is groupsored by the County Board of Education together with the W. P. A. Last year 18,000 lunches were served each month in these rural schools, she said.

MAKING OFFICIAL INSPECTION LOCAL AVIATION SCHOOL

Inspection days have arrived for the Air Corps Training Detach-ment and Aviation Cadets at the Corsicana school of Air Activities of Texas and the first of the oc-casions narrowly missed being marred by an accident Thursday

morning.
While Colonels H. A. Johnson While Colonels H. A. Johnson and F. M. Paul from the office of the Chief of the Air Corps at Washington, D. C., were preparing to takeoff in their B-18 bomber about 10 o'clock Thursday morning, Lieut. Henry C. Moore successfully landed one of the training planes which had lost a wheel without serious damage to the ship and no injuries to the occupants.

Forced Landing. Lieut. Moore had been giving a cadet a "check ride" which included bringing the ship in for a landing under the simulated con ditions of a forced landing. Nor-mally the throttle is opened with-in a few feet of the ground and the in a few feet of the ground and the wheels never touch, officials reported, but Thursday morning the motor failed to catch properly and the ship taxled along the ground for several feet before taking off again. As the ship took off, Lieut. Moore saw one of the landing wheels rolling along the ground, circled the landing spot which was near the main field, and then brought the trainer on the main field near the hangar, making a field near the hangar, making a successful chosswind landing on

one wheel.
The Washington officers were reported making a hasty inspec-tion tour of Texas flying schools and arrived about 9:30 from Hicks Field, Fort Worth, and took off about 10:30 for Brady.

DALLAS, Sept. 16.—(P)—Plans of
the Federal Crop Insurance Corporation to administer its program
in cotton-producing states west of
the Mississippi through a Dallas
office were announced today by
Leroy K. Smith, manager.

A regional office with a staff ot
125 under the direction of Jess H,
Watson will be opened soon.
Watson, a young county farmer,
was transferred from the southern
staff of the AAA in Washington.

A cotton grower may insure 50
to 75 per cent of his average yield
over a seven-year period. A premium is based on his average loss in
that period. Premiums may be
paid by signing a commodity note
or they may be deducted from indemnity notes. Congress set aside
\$100,000,000 to be drawn on when
premiums fall below indemnity
payments.

Smith and other officials will
go to Birmingham, Ala., to open
headquarters for cotton states east
of the Mississippi.

Wheelock and Parker To Offer Herefords

JACKSONVILLE, Sept. 16.—
(Spl.)—The second annual sale of
the East Texas Hereford Breeders
Association will be held at Tyler
on Sept. 19 and the offerings include 13 bulls and 26 cows. Included in the consignors are R.
L. Wheelock and Cecil I. Parker
of Corsicana.

NEGRO SERIOUSLY SHOT BY ANOTHER AT ROUND PRAIRIE

Charley Wilson was admitted to the P. and S. Hospital Wednesday afternoon suffering two buckshot pellets in the back and arm, and Maurice Coleman surrendered at the county jail and was charged with assault with intent to murder as a result of a shooting scrape. Both are negroes. The trouble occurred on the McSwain farm in the Round Prairie community, Chas. T. Banister, criminal district attorney, announced late

attorney, and is reported later to have been filed in Judge T. A. Crowley's justice court at Kerens. Bond was made.

Wilson's condition was reported still serious Thursday morning.

SPECIAL TRAVELING BOARD OF EXAMINERS WILL BE IN **CORSICANA NEXT WEEK**

. In a quest for young men who are eligible both physical and mental for enlistment in the air corps as an aviation cadet, a special traveling board of examiners and a medical board will be in Corsicana and the art Monday though Friday with met Monday through Friday with complete equipment for giving the full physical examination.

Application for examination.

Application for examination by this board will be received from young men between the ages 20 and 26 years who have not less than a high school education.

It was pointed out today by sgt. M. A. Strickland in charge of the local recruiting station at the Post Office that if as many as

Home; Mrs. C. O. Siaugner, Currof the local recruiting station at the Post Office that if as many as twenty youths can be secured from this county, the entire group will be permitted to enter together and after completion of training be retained together as a squadron. Applications are being received by Sgt. Strickland.

He called attention to the fact that two years or more of college training was no longer required zand those who had completed high school had a good chance to be accepted as an aviation cadet.

While in training, the cadet is paid \$75 per month and after gradulation, he is commissioned a section lieutenant with pay ranging from \$205.50 to \$240.50 per month. Topon graduation from the training school, the U. S. Government gives the cadet \$150 to buy his first uniform. Throughout training and army service the government pays the premium on a \$10,000 insurance policy. At expiration of enlistment the filer receives a bonus of \$500 for each year spent in service.
